

## EXPLOSIONS ON TWO CONTINENTS

### ST. PETER IN PERIL FROM TERRIFIC SHOCK

Tremendous Explosion of Dynamite Weakens Cathedral's Base

### FAMOUS PALACE PARTLY DESTROYED IN DISASTER

Twenty Men Were Injured; Dynamite Carelessly Stored Was the Cause

LONDON, April 9.—A terrific explosion of dynamite near St. Peter's cathedral in Rome today injured twenty men, destroyed a portion of the Borghese palace, and is said to have weakened the foundations of St. Peter's, the most famous cathedral in the world.

According to a bulletin received by an exchange telegraph concern, improper storing of dynamite by fishermen was the cause of the accident.

### MRS. SAMPSON LIKELY TO GO FREE FROM CHARGE

LYONS, N. Y., April 9.—The court overruled the motion to dismiss on state's evidence the case of Georgia Sampson, accused of killing her husband at Palmira last November.

The argument of the defense will be brief, and according to the impression that the case has fallen through, the defendant will be acquitted.

Dr. Hall, expert on fire arms assured the jury it would be easy for Sampson to shoot himself by firing a gun with the muzzle resting on a nail in the wall twenty-four inches from his breast, thus accounting for the absence of powder marks. This absence marks one of the strongest points brought out by the state.

### OFFICE PAYS \$35 A MONTH

Applicants Are Less Numerous Now That Job Pays Less Than at First Thought

Now that the Probation Committee has been selected, the appointments being filled by Judge West, it is next in order that a probation officer be elected. The job does not pay \$75 a month in this county as was at first thought. For counties of Orange county's class the salary is \$35 per month. A number of candidates for appointment by the Probation Committee are mentioned, among them A. B. Minter and L. H. Hill, both of Santa Ana. Applicants are not as numerous as they were before it was found that the salary is \$35 instead of \$75.

### CAPTAIN MUELLER GOES AFTER LOST "AMERICAN"

PASADENA, April 9.—Captain Mueller and two companions left today with pack mules to seek the lost balloon "American." They have provisions for a week. If they find it to be necessary they will cut the balloon in thirds to transport it.

WEATHER FORECAST  
Southern California. Fair tonight and Saturday, with light north wind.

### TARIFF BILL GRINDS ITS WAY IN HOUSE

Petroleum Placed on Free List; Western Senators Will Investigate Free Hide Sentiment

WASHINGTON, April 9.—Upon motion of Chairman Payne, the ways and means committee of the House, in committee of the whole, this afternoon placed petroleum and its products on the free list. An amendment adopted Wednesday had reduced the tariff to one per cent ad valorem.

The Standard Oil interests have been fighting for the retention of the tariff. The question will be given considerable prominence in the Senate.

### HOUSE THRESHES OUT MATTER OF TARIFF

WASHINGTON, April 9.—In the tariff bill consideration yesterday in the House, a duty of 5 cents a pound and 20 per cent ad valorem was placed on raw mica; manufactured mica is to pay 10 cents a pound and 20 per cent ad valorem. The duty on steel ingots, etc., was reduced, and in some cases the rate on plate iron or steel was reduced. The ad valorem proposition was stricken out. The tobacco schedule was amended so as to fix a duty of 75 cents a pound on unstemmed and \$1 a pound

on stemmed, of all filler tobacco imported from countries which prohibit similar importations.

A tax of 45 per cent ad valorem was put on tire fabric, or fabrics used for pneumatic tires.

A duty of 20 per cent ad valorem was put on cotton bleached and purified, whether medicated or not.

The Dingley duty on silk and India rubber was retained.

Westerners Will Investigate  
WASHINGTON, April 9.—Western senators will try to find out the sentiment of the Senate as to putting hides on the free list, and if it is found that a favorable sentiment prevails, they will follow the action of the House.

### CASTRO WATCHED BY AMERICAN VESSELS

WASHINGTON, April 9.—Former President Castro is being watched by a whole squadron of American warships at Port De France. After hearing that France would expel him from Martinique, Castro became seriously ill. The scar made by a recent operation has opened for several inches.

### SINGER GETS HARD SHOTS

Is Accused of Ingratitude; Fremstad Rescued From the Gutter

PASADENA, April 9.—Mme. Olive Fremstad, the grand opera singer who has created adverse comment recently by declaring that great singers could not become mothers without sacrificing their art, and who was once kitchen maid, according to Mrs. Charles H. Fowler of Springfield, Mass., was educated for the stage by Mrs. George Metcalf of Kansas City, according to Mrs. Metcalf's sister, Mrs. Palmerston White, of this city.

Mrs. White throws an interesting side light on the career of the famous prima donna, and says Fremstad's first name is not Olive but Anna. Fremstad was practically rescued from the gutter by Mrs. Metcalf, then Miss Lucy Williams of Minneapolis, who taught her music and cultivated the Swedish child's wonderful voice.

Mrs. White says the little songstress proved ungrateful and Miss Williams was compelled to let her go. At that time Fremstad was sixteen and is now forty. After being with Miss Williams three years Fremstad went Denverward, thence to New York where she studied hard and won recognition.

### NEW YORK MEN GIVEN CLEAN BILL OF HEALTH

RICHMOND, Va., April 9.—Members of the New York American League team were given a clean health bill by the authorities today. The team probably will be allowed to open the season at Washington as scheduled.

Hal Chase, the crack first baseman, is confined in the smallpox hospital at Atlanta with what is supposed is varicella. The other men appear in good health and no further trouble is anticipated.

### STANDARD'S LAWYERS ARE STILL ZEALOUS IN DEFENSE

ST. LOUIS, April 9.—John Millburn resumed argument today for the Standard Oil Company in the government dissolution suit, and spoke until noon.

This afternoon Moritz Rosenthal, the thousand-dollar-a-day lawyer, begins his argument. He is regarded as the Standard's technical expert. The arguments will be completed Saturday.

Millburn sought to prove yesterday morning that the Standard's growth was the result of supply and demand. He dwelt upon the intricacies of pipe line profits.

PAYSON STILL WALKS IN TRIP ACROSS COUNTRY  
MANSFIELD, Ohio, April 9.—After resting this morning, Edward Payson Weston resumed his journey this afternoon toward Bellevue. Arriving there he will have covered 862 miles.

### GREEKS MEET BAD FORTUNE

Invading Montana Town They Are Quietly Asked to "Skiddoo"

GREAT FALLS, Mont., April 9.—These are troublesome times for Greeks here because the labor unions backed by American business men in this city are banded and organized in an effort to rid Great Falls of that element.

An anti-Greek resolution was adopted last night at a meeting of seven hundred prominent men and a committee was appointed to ask the Greeks to leave quietly. The Greeks have been coming in large numbers lately.

### PRINCE GEORGE IS HIGH PRICED

VIENNA, April 9.—Prince George wants 1,000,000 roubles as the price for leaving Serbia.

### HITCHCOCK DIES IN CAPITAL CITY

Former Secretary of Interior Under William McKinley Administration

WASHINGTON, April 9.—Allen Hitchcock, Secretary of the Interior under McKinley, died today at the home of his son-in-law, Commander W. S. Sims of the U. S. Navy, in this city.

His death has been expected some time as he has been critically ill with kidney trouble, resulting from a cold contracted at St. Louis several weeks ago. He had the services of a specialist, but from several sinking spells it was known he could not survive long.

### WHAT IT COST THE MAYOR TO GET HIS HIGH OFFICE

LOS ANGELES, April 9.—Mayor George Alexander yesterday filed an affidavit with the county recorder that his recent election expenses were \$15, \$10 of which was for printing and the rest for miscellaneous expenses.

NOTED ARTIST IN PASADENA  
PASADENA, April 9.—J. H. Rich, holder of the Paige traveling scholarship of the Boston Art Museum for 1905 to 1907, and exhibitor at the Copley Society exhibitions, Boston; the Philadelphia Academy and Boston Art Club, is exhibiting in Pasadena.

Best spray and pumps. Can save you freight. Sample and circular 542 West Seventeenth.

### SKY DARKENS WITH SMOKE OF GREAT FIRE

Following Explosion of Monster Oil Tank at Standard Works

### FIREMEN FIGHT FIRE IN FACE OF DEATH'S DANGER

Men Fatally Hurt and Fire Yet Rages; Threatening Adj-joining Tanks

POINT RICHMOND, Cal., April 9.—Seven men were injured, four probably fatally, by a terrific explosion in the great Standard Oil works here this morning, followed by a fire which threatened to wipe out the entire plant.

The great tank was burning at noon, sending up a heavy black smoke which darkened the skies for a mile around. The explosion shook the earth like an earthquake. Forty of the one hundred adjacent tanks are as large as the one now burning. Calls for aid were sent to the Oakland and Berkeley fire departments. The fire is still raging. The firemen are fighting the fire in imminent risk of death in possible subsequent explosions. The loss will reach hundreds of thousands of dollars.

### CONNECTION BY WIRE AND PHONE ARE LOST

POINT RICHMOND, Cal., April 9.—One of the immense oil tanks here with a capacity of five hundred thousand barrels, was destroyed with a loss of probably hundreds of thousands of dollars, in an explosion at 10 o'clock this morning, at the Standard Oil Company's works. The private fire department of the oil company fought the flames in an effort to save the other tanks in the vicinity. All wire communication was lost shortly after the fire was started and the plant was entirely cut off.

It is known that nearly one hundred big tanks were in the fire's fangs. Several men were injured in the explosion which followed the fire. It is believed gasses caused the explosion. A heavy detonation was heard.

Very Latest Report  
POINT RICHMOND, April 9.—One man is dead, two are dying, and three were frightfully injured in the oil tank fire. The dead: C. W. Lawrence. Dying: Fred Granger, C. Pealt. Injured: Superintendent L. D. Dimm, L. M. Moore, Christopher Smith. The men were working near the tank when it exploded, and were struck by falling timbers and burned by the flying oil. Automatic reservoirs have saved the other tanks and the fire has been confined to one tank.

### COAL STRIKE STILL IS THREATENING

PHILADELPHIA, April 9.—After a session today lasting one hour and twenty minutes, the conference of coal miners and operators adjourned without reaching any agreement. A big strike in the anthracite region is threatening.

TRAIN REACHED STATION ENVELOPED IN FLAMES  
VALPARAISO, Neb., April 9.—Enveloped in a mass of flames, the Union Pacific west-bound train, No. 27, reached this city last night after the mail and baggage cars had burned. The remaining cars were saved with difficulty. The mail agent was compelled to leap from the speeding train, but there were no other accidents. Sparks from the locomotive are supposed to have been the cause of the fire. A large amount of mail was lost.

### CIRCUMSTANCES ARE PROSECUTION'S CASE

Pair of Goggles and Punctured Tire Play Part in Trial of Clyde Taylor In the Superior Court

Circumstantial evidence is the evidence brought into the Superior court against Clyde Taylor, now on trial on a charge of grand larceny. He is charged with stealing an automobile from Judge J. W. Townner on the night of Feb. 3. No one saw Taylor with the automobile. A punctured tire, a pair of goggles, a visit at a neighbor's house in the early hours to borrow an automobile crank, visits at a house in front of which the automobile was found—these things and other circumstances point to Clyde Taylor.

His defense is short. He was intoxicated. He has told the jury very fully how much whiskey and how much wine he drank. He does not remember touching the automobile. And the goggles found on him when arrested, that were in Judge Townner's automobile the evening it was stolen, these goggles Taylor says he found on the street.

Yesterday and today District Attorney Davis examined J. W. Townner, Mrs. Townner, Julius Reinhaus, Perry Taylor, Officer Murray, Officer Boynton and Constable Jackson.

The automobile was rolled from Townner's garage to a place in front of Perry Taylor's house. There

halt was called for want of a crank to start the machine. Reinhaus told of Taylor's visit at his house, in which he asked for the loan of a crank. Reinhaus knew it was Taylor.

Murray and Boynton saw Taylor on Fourth street in the early hours, riding a lady's bicycle, the rear tire of which was punctured. The night the automobile was stolen a lady's bicycle with the rear tire punctured was taken from Townner's place, Constable Jackson measured tracks of a flat tire at Reinhaus' place and at Taylor's place and found that they corresponded. Jackson and Jailer Lacy found the goggles on Taylor after his arrest. Jackson found a number of carpenter's tools hidden in Taylor's barn. The goggles and tools were identified by Judge Townner as belonging to him and as having been taken, the goggles from the automobile and the tools from his shed.

Taylor was put on the stand by Attorney Ames, who is defending him. Taylor and two others went to Anaheim the night of Feb. 3. Returning, Taylor lost track of what he did. He awoke in Birch Park. From a man he did not know he got the lady's bicycle he rode.

### CALIFORNIA WANTS TAFT

And Will Pay Bill's Bill If Necessary to Get Him to the Coast

WASHINGTON, April 9.—According to the statement of Congressman Kahn of California, this state, if necessary, will provide the finances for a special train to insure the proposed visit of President Taft California-ward. That President Taft frankly stated that he was unable to bear the big expenses incident to the trip has been known, and it is in view of this fact that the California congressional delegation will urge upon the appropriation committee the necessity of reporting a deficiency bill providing an appropriation of \$20,000 for necessary traveling expenses. Kahn visited the White House yesterday and assured President Taft of a hearty California welcome.

### ROSENTHAL SPEAKS FOR STANDARD OIL

He Denies That There is Any Evidence of Any Rebates Taken Since 1887

ST. LOUIS, April 9.—Moritz Rosenthal, who planned the Standard Oil's defense, entered sweeping denials today in the defense of the Standard against the government suit for dissolution of the great Rockefeller holding company. Rosenthal declared he would confine his remarks to the law which the government is seeking to apply to the case. He denied there was any proof in the record of conspiracy with any railroad since 1887. He declared there was no proof that the Standard ever received a rebate since that time by secret process or otherwise. He asserted that aside from inferences drawn by the government officials from government exhibits there had been no evidence of rebates received by the Standard except as told on the stand by Vice President Archbold who admitted that prior to 1887 the Standard procured rebates as he said did every other shipper. Rosenthal declared whatever had been done by the Standard Company prior to 1887 was not a violation of the law in the present case. He discussed the rates between certain points here when the Standard and independent refineries were established.

—25c bottle of Cold Cream for 15c at Rowley's drug store if you will cut his advertisement out of this paper and take it with you to the store. See advertisement on page 5.

### SPEED MAD IN NEW YORK

Automobilists Indifferent to Human Life; Many Are Fatalities

NEW YORK, April 9.—Figures furnished by the Board of Health establish that since January 1, 1908, seven lives a month on an average have been sacrificed to the craze for automobile speeding. The number of fatalities resulting from the improper manipulation of motor cars during January 1, 1908, and April 1, 1909, was 101. This includes persons run down and killed on the streets and persons killed while riding in cars in accidents.

There have been seventeen automobile fatalities in three months ending March 31, 1909.

### HUNTED MURDERER RIDES JUSTICE OF A VICTIM

SAN RAFAEL, April 9.—After eluding a posse in an all night race for life over the Marin county hills, Billy Westcott, a half breed Indian returned to his little ranch home near Marshalls, and standing over the body of his wife whom he murdered last night he shot himself in the head with a rifle at dawn this morning. The posse had no chance against the Indian in the mountain chase. They didn't wish to get too close as Westcott was known as a dead shot.

### TEDDY IS HAVING JUST A "BULLY" TIME

PORT SAID, April 9.—Former President Roosevelt, son Kermit and party, arrived here this evening at 6 o'clock, all well and having a "bully time."

Francis Warren Dawson, the staff correspondent of the United Press aboard the Admiral, reported the voyage from Messina as without incident.

### PASADENA HAS ADOPTED HEALTH REGULATIONS

PASADENA, April 9.—The Board of Health has adopted these regulations for school children suffering from contagious diseases: Pupils shall be excluded from school for measles, two weeks; small pox, three weeks from exposure, or until time of complete recovery; diphtheria, until a culture shows absence of germs; scarlet fever, three weeks or longer; mumps, whooping cough, chickenpox, as soon as all evidence of the disease has disappeared. To be allowed to re-enter school, the pupil must have a certificate from attending physician or health officer.

—Sheet music sale 19c per copy, 6 copies for \$1.00 at Shafer & Trickey's, Friday and Saturday only.

### MILLS BLOWN UP IN GREAT EXPLOSION TODAY

Nine Buildings Destroyed at One Fell Blow When Shock Occurred

### EXPLOSION AT FAMOUS DUPONT POWDER WORKS

One Man Killed and Another Fatally Hurt; Damage Reaches \$50,000

WAYNE, N. Y., April 9.—Nine mills were destroyed in a powder explosion in the well known Dupont Powder Works here this morning.

Tom Marshall, a workman, was killed and "Red" Cron, another workman, was fatally injured in the explosion, while several others were slightly injured.

The property damage is estimated at fifty thousand dollars.

### FUNERAL TO BE HELD ON MONDAY

LOS ANGELES, April 9.—The funeral of Madame Helena Modjeska will be held next Monday from Cathedral St. Vibiana where the body of the dead artist will lie in state. A requiem mass will be held by Bishop Conaty. The body is now in the club house of the Knights of Columbus, having arrived from Bay Island, Newport Beach, last night.

### BOUGHT TREES IS NOW SUED

Garden Grove Nurseryman is Plaintiff in Action Begun in Superior Court

George I. Eells, a Garden Grove nurseryman, is plaintiff in an action brought against the Gray Brothers Crushed Rock Co. for the collection of money claimed to be due for budded walnut trees. The defendant bought 258 trees from Disher & Eells, the price of which was \$193.50, and 158 trees from William Tyler, the price of which was \$118.50. Eells has the claims. Williams & Rutan appear as his attorneys.

### COUNTLESS WILL GIVE FORTUNE TO SOCIALISM

LONDON, April 9.—The Countess of Warwick, the idol of the working men, will give \$1,500,000 won by her in stocks, to further the Socialist cause. She is famed as the most beautiful woman in England and is a fine orator.

### PLUM FOR MCCORMICK

WASHINGTON, April 9.—President Taft yesterday nominated A. I. McCormick as United States attorney for the southern district of California.

### "ORGANIZATION" GETS A SHOCK

For many years San Diego has been one of the reliable "organization" counties. At every Republican state and congressional convention, Charlie Hardy, D. C. Collier and other machine leaders have been on hand with a delegation from San Diego that was ready to "take program" just exactly as it was handed to them by Walter Parker, Southern Pacific boss. The "reformers" have given the machine some lively fights at the primaries, but they have always been a little shy on votes.

The success of this anti-machine

movement in San Diego ought to encourage those who are opposed to machine rule in other cities and counties to keep up the fight.—Riverside Press.

### FOR THE PUBLIC GOOD

A bill has been introduced into the lower house of congress which, if it becomes a law, will make it necessary for the merchants of Los Angeles to be a little more "keerful" what baits they set out for suckers. The bill is directed against dishonest advertising, and is especially intended to protect the public against those very alluring misstatements of fact that are intended to work upon the susceptibilities of the impressionable. This has now become in some of our large cities one of the fine arts, and there are professional ad. writers in such places who draw down big salaries for their proficiency in exciting unsuspecting out-of-town shoppers over some fancied bargains which are going fast, but can still be had by quick action. If the bill as introduced becomes a law this kind of appeals to the public will be dangerous, as a penalty is provided for such advertising.

### PREPARING FOR WAR

The reflecting mind can but look with anxiety on the huge preparations that are going on over the world for an anticipated struggle for the mastery among the nations. Millions of men are withdrawn from productive industries, denied the peace, quiet and sacred influences of home, to keep them under arms, and to build huge engines of destruction in the form of battleships and immense forts and arsenals. Thousands of millions of money are taken from those who remain at home. The drain on the energies of this generation is getting to be more than it can stand, and still the waste goes on with no end in sight.

Is it possible that all this will end in a general destruction of the human race? Or will some other solution be found? And why is it going on any way? The latter question can be easier answered than the others, for it is easier to see into the present than the future. CORRUPTION IN POLITICS ACCOUNTS FOR IT ALL, and the chief compensation of war is that it generally serves to weed out the unscrupulous politicians who are mainly responsible for bringing it on.

In times of peace the grosser element of the body politic has the advantage by the use of those tricks of

### NEWSPAPER BEGINNINGS ON THE AMERICAN CONTINENT

The Register has been asked by a subscriber for information as to the beginnings of American journalism.

The first American newspaper "The Colonial Press," was published in Boston, Sept. 25, 1690, by Benjamin Harris. Only one number of the first issue of this paper is now in existence, and that is on file in the State Paper office in London, England.

The second newspaper published in the country was a reprint of the London Gazette, and it appeared in 1696, giving an account of a famous battle in Europe.

The first daily paper published in America was "The American Daily Advertiser," founded in Philadelphia, by Claypoole in 1784. This Claypoole was the first man to introduce "reporting" on the American Continent.

the trade that the honorable citizen disdains to employ, and gains control sooner or later in almost every nation and then begins its schemes of aggrandizement regardless of the rights of others. And the people are powerless, being compelled to pay the bills and fight the battles, whether they will or no. For instance, we hear that Germany is building too many Dreadnaughts to suit England, and refuses to quit when requested to do so. But it is not Germany that is doing this—it is the work of the German politicians. Germany would be but too glad to be spared the taxation necessary for this tremendous effort that is being made to out-class England on the water. So it cannot be said that England, France, Russia or Austria are, or have ever been, anxious to enter upon destructive wars as a pastime. During the late imminence of war between Austria and Serbia, there went up from the people of Austro-Hungary a pathetic wall of distress that was the only true index of the sentiments of that nation that came to the surface during that trying time. The government was gathering its forces for the combat amid the tears and sobs of the people who were being led to the slaughter.

There is one mighty factor of our civilization, that of commerce, which may succeed in so hampering the politicians of the world as to put an end to war. There is nothing so abhorrent to the commercial interests as war. It is not only destructive of commerce, but it deranges it in every way. Business men of prominence stand almost as a unit against it, and had their share in averting the recent threatened conflict. If they should unite and resolve that war should stop, the politicians would be at their wits' end, for you cannot carry on a war without money.

# Superb New Millinery

## Beautifully Displayed

Our large, beautifully furnished brightly lighted new Millinery Department is the most attractive in this section of the state. Its cases and tables are so arranged that the hundreds of Hats may be inspected with ease and pleasure. You won't find such a comprehensive variety of correct styles, shapes and colors in any other Santa Ana Store.

Every woman should familiarize herself with the unequalled attractions of this beautiful department. This department has won instant popularity. The completeness of its stocks, the excellence of its service, the rare charm and originality of its prices make a regular patron of every woman who visits it.

If you are not one of the hundreds who are enjoying the superior benefits of this splendid new department, hadn't you better make its acquaintance now. In stocks, styles, values and service it has no successful rival in Santa Ana.

### Opening Display of La Vogue Spring Suits

You are invited to inspect the new arrivals in Spring Suits and Jackets, fresh from the makers. The La Vogue garments are well known as The Standard of Style.

The pretentiousness of our showing leaves nothing to be desired, and the most critical will concede that it comprises only such garments as will uphold the widely established prestige of the Peerless La Vogue Suits.

It is a display unexcelled—an exhibit that repays the inspection. La Vogue suits are the smartest, dressiest creations of the day—and are very reasonably priced.

### FELL IN SHAFT OVERCOME BY FUMES

#### Lineman Suffers Broken Leg in Accident That Occurred At Huntington Beach

Huntington Beach News: William Anderson, employed by the Huntington Beach Company as a lineman, met with a serious accident last Friday while at work at the local electric light plant.

Overcome by gas fumes, the unfortunate young man fell into a shaft thirty-five feet deep, and besides being almost suffocated, broke two bones in his left leg, below the knee, and sustained severe bruises on different portions of his body.

The noise of the fall of young Anderson was heard by Superintendent A. W. Lindgren of the electric plant, and he at once entered the shaft to rescue him. Himself almost overcome by the gas fumes, Mr. Lindgren with difficulty returned to the floor above, and several times fell while on his way to obtain assistance in rescuing Anderson. He managed, however, to do this, and the unlucky lineman was removed to his home, where an examination by Dr. W. E. Whealen revealed the fact that the bones of the left leg were broken as stated, but the injury will probably leave no permanent effects. Dr. C. S. Hoff was also called in to assist Dr. Whealen in caring for Anderson. The latter was removed to his home and his condition is satisfactory.

## DEMONSTRATION TRAIN WILL BE IN THIS COUNTY APR. 15, 16

Agricultural and Horticultural Subjects  
to Be Treated In Practical Manner  
by University Men

The special agricultural and horticultural train leaves Los Angeles at 10:30 a. m., April 14. The Southern Pacific Company will operate it.

The University of California, and the State Horticultural Commission, through scientific and practical men, will have delivered, at stopping points, lectures on methods to be pursued in increasing the value of agriculture, horticulture, live stock raising, dairying, poultry raising and kindred industries. It is the aim to make these meetings practical. Discussion is invited; questions asked will be answered.

The equipment of the train will include two cars containing valuable and comprehensive exhibits to be used in illustrating and demonstrat-

ing the points brought forth in the discussions. There will also be a coach for use as lecture room where no hall is available.

Every person in the sections interested is earnestly invited to attend these meetings. Where the place of meeting is elsewhere than in the train, it will be made known locally through the railway agent, newspapers and other sources of information.

The following schedule is announced, locally:

Buena Park, April 15, arrive 10:15 a. m.; meeting, 10:30 a. m. to 12:30 p. m.; leave, 12:30 p. m.

Anaheim, April 15, arrive, 12:45 p. m.; meeting, 1:00 p. m. to 3:00 p. m.; leave, 3:00 p. m.

## Following is a sample of the unsolicited testimonials received regarding the Sanders-Arnott Disc Plow

Orange, Cal., March 15, 1909.

J. C. Williams & Son, Orange, al.

Dear Sirs—Regarding the Sanders-Arnott Disc Plow, will say that the honest truth is, that if I could not get one for less, running orchard as I am, I would give it in silver before I would be without it. I would consider it a good business proposition.

Yours truly,

HENRI F. GARDNER.

## A ROAST PIG DINNER PARTY

Many Pleasant Social Affairs  
Are Reported From Balboa  
—Many Visitors There

BALBOA, April 8.—Mrs. A. A. Lester, sister of Senator Flint, entertained at a roast pig dinner party on Sunday evening a week ago the following people: Mrs. George Gleasing of Los Angeles, Dr. and Mrs. A. Tolland of Hollywood, Archie Sharpe of Riverside, Samuel Tustin of Tustin, Robert Wilson of Newport, Mr. and Mrs. W. W. Wilson, F. W. Beckwith, Mr. and Mrs. E. L. Quinn, Mrs. E. Wilson. Mesdames Quinn and Lester gave several piano duets and Archie Sharpe sang a solo. A pleasant evening was enjoyed.

Mr. and Mrs. George Drake Ruddy of Los Angeles are sojourning at their Bay avenue bungalow. Mrs. Ruddy is an enthusiastic worker in the Humane Society.

The Pokagon bungalow was the scene a few evenings ago of a jolly time, when Mrs. S. E. Gage entertained the "500" Club. Prof. and Mrs. G. J. Seielstad won first honors while Mr. and Mrs. S. McKinney came close seconds. Those present: Mr. and Mrs. Allen L. Spooner, Mr. and Mrs. Shelton McKinney, Mr. and Mrs. G. J. Seielstad, G. R. Gage, Talma G. Spooner, Walter McKinney, Miss Mae McKinney, Miss Gladys Rose Spooner, Misses Myrtle and Victoria Seielstad.

Mr. and Mrs. R. B. Goff of Los Angeles spent the past four days at the Ocean View, the guests of Mr. and Mrs. A. H. Pease of Santa Ana.

R. B. Goff has the lumber on the ground to build a cottage.

Kate Candee of Redlands is a beach visitor.

Miss Volta Heddan of Los Angeles was a first of the week guest of her grandmother at the Hotel Balboa.

Miss Doris Coomber and a party of ten schoolmates, all Los Angeles lasses, spent Saturday and Sunday at Corona del Mar the guests of Capt. A. W. Jackson. Mr. and Mrs. Coomber chaperoned the party. A jolly time they had.

Mr. and Mrs. Andrew Glassell and Miss Audrietta Glassell returned to their home in Tropic the first of the week after a week's stay at the Casa del Orilla. Wm. Glassell of Harvard Military School of Los Angeles spent a few days here.

A. N. Leland of Los Angeles is a guest of his sister, Mrs. W. H. Holland for a few days.

Mrs. F. M. Washburn of Los Angeles is stopping with Mrs. S. McKinney for a fortnight.

Miss Olive Austin of Claremont was a recent seaside guest.

Mr. and Mrs. B. Bertrand of San Pedro were first of the week guests of Mr. and Mrs. S. McKinney.

Mr. and Mrs. Geo. Hughes have removed to Whittier.

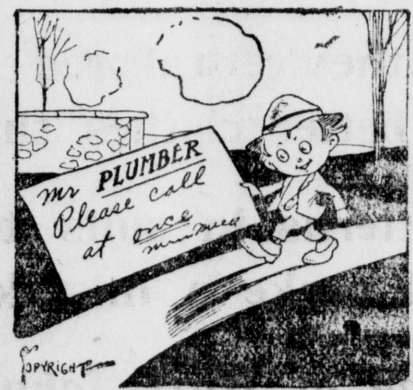

Prof. T. G. Adams, physical director at the Military school, Los Angeles, was a midweek visitor.

Mr. and Mrs. E. Barrow French entertained a party of Los Angeles friends the first of the week at Corona del Mar bungalow.

Mr. and Mrs. Wm. Smalley of Santa Ana are sojourning at the Bide-a-Wee.

H. L. Carson and family came down from Elsinore Friday and have located in Dr. Ervin's bungalow at the corner of Palm street and Surf avenue for a three month's stay.

Allen L. Spooner who recently came

## Easter Greetings

WE'VE been too busy to say much to you. Only invite you to look in our front window and see our basket hat. Same style in miniature in our parlors. The most beautiful stylish creations in the city for Easter wear. Remember that only two more days remain in which to buy that Easter hat. We can fit both your head and your pocket book.

Miss Schumacher  
Main Department Store MILLINER

to Balboa from St. Peseoph, Mich., to visit his mother, Mrs. S. E. Gage, has located in Los Angeles. His family will remain at the seaside this summer.

A. Smaillburg of Inglewood is here for an indefinite stay.

Miss Maude Thomas and Miss Matilde Beard of Los Angeles are guests of Miss E. Mosgrove at the Hotel del Mar.

Prof. W. H. Holland of the Throop Polytechnic Institute of Pasadena is spending the week here with his wife and son Leland at the Johnson cottage on Central avenue.

### HAPPY RESULTS

Have Made Many Santa Ana People Enthusiastic

—No wonder scores of Santa Ana citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Santa Ana by Doan's Kidney Pills.

W. S. Irvine, of 818 E street, Santa Ana, Cal., says: "I will say that Doan's Kidney Pills really contain the merit that is claimed for them. I suffered from distressing pains and aches in my back, irregularity of the kidney secretions and other symptoms of kidney disease. I tried many remedies but since learning of Doan's Kidney Pills have had no further occasion to experiment. I procured them at Tubbs & Co's drug store and they went to the root of my trouble, curing me in a remarkably short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### UNCLAIMED LETTERS

Letters addressed to the following parties remain uncalled for in the postoffice at Santa Ana, Cal., for the week ending April 10, 1909.

Allen, Mr. R. V.  
Allen, Mrs. Ray  
Alverez, M.  
Bibo, Russel  
Boland, Mr. Martin  
Kowen-Hoven, E.  
Morris, Mrs. Emma  
Ware, Mr. A. C.  
Winslow, Mr. W. R.  
Analdo Cardenas.  
Sr. Rito Martinez.  
Mr. Mauricio Marinias.  
Sr. Desiderio Terrones.

If not called for in two weeks will be sent to the dead letter office. Call for advertised letters.

LINN L. SHAW, P. M.

### DANCING CLASSES

—Miss Kraemer will form an adult beginners class Monday, March 22, at 7 p. m. Advanced class 8:30 p. m., Elks Hall.

—The Studebaker E. M. F. 30 won first prize at annual Hill-Climb at Atlanta, Ga., on March 27th, defeating the Buick, Chalmers, Ford and a great many other cars.

### Dressmaker

—Miss McColloch at Lacy House. Prices reasonable.

### The Keystone Balm Agent

—Is now on his 11th annual tour Will be in Santa Ana for one week.

—\$1.50 for horseshoeing. Satisfaction guaranteed. J. C. Williams & Son, Orange.

—Ben E. Turner rents, repairs, sells and swaps sewing machines.

—If you need a pair of good driving gloves, call at Martin Motor Car Co. Shipment just in.

## FORCED SALE OF FIVE ACRES

to clear up partnership affairs.

### Must be Sold by April 10

I will sell to highest bidder for one-half cash, balance at 4 per cent, the five acres on southwest corner of First and Bristol streets in Santa Ana city, about twelve blocks from courthouse and business center, about 700 feet from Pacific Electric. Suitable for oranges, lemons, alfalfa or subdivision. Having trees and stumps taken out now from sidewalk line; just plowed and shows fine soil; 75 inches of water can be had at 50 cents an hour any time, all you want. Bids will be received by me on the ground, between 9 a. m. and 4 p. m. on April 8, 9 and 10th and the highest bidder gets it.

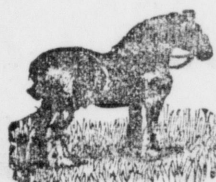

### T. D. HEYL, Trustees Agent

You will be satisfied if you call on us for your lumber, shingles, lath, posts, doors, windows, glass, cement and asphalt roofing.

Hart Schaffner & Marx

**T**HERE'S quite a difference between a Marathon race and the good clothes race. In the former only one can win; the others fall exhausted or are left behind; in the latter there's a chance for everybody to win.

As we handle this good clothes proposition you're a sure winner; you can't go wrong, because we've got things framed up just right for you. We'll tell you just how it stands; and all you've got to do is to follow our advice. When you decide that a new suit is about what you need, come in here and give us the sign. Just say to anybody here:

**"Hart Schaffner & Marx clothes"**

That's all you need to say; the rest of it is easy. We'll show you the clothes you'll like, that fit you, that are becoming to you; and we'll sell them to you at prices that will be as profitable to you as to us.

Hart Schaffner & Marx clothes are all-wool; they're tailored in the most perfect manner; they're made in the latest correct style, and you can't buy nor wear better clothes than these anywhere else on earth.

We want you to see the new fabrics and patterns in suits this season; they're remarkably fine in the colors and patterns; and we have a big variety. You'll make a mistake if you buy any other clothes than these.

*This store is the Home of Hart Schaffner & Marx clothes*

**The Clothier**

All other men's wear; hats, shirts, furnishings;  
the small important accessories of correct dress  
ready here.

Particularly stylish suits for boys, made knickerbocker style from handsome durable fabrics.  
Boys' hats and furnishings too—the right kind.

## Society Doings

### Clover Club Entertained

The annual meeting of the Clover Club was held yesterday at the home of Mrs. E. A. Bell on Grand avenue. Mrs. Bell had invited the ladies of the club to be her guest at an Easter luncheon served at noon. Lovely roses were used in the parlors, and on the dining table, were Easter decorations. The interesting center piece was a basket of Easter eggs with a cunning rabbit guarding them. The afternoon was partially devoted to business, as the club chose its officers for the year. Mrs. Frank Miller was named as president, Mrs. Chas. Smithwick as vice-president, Mrs. E. L. Eckley as secretary and Mrs. O. M. Newman as treasurer.

### Ebbell Music Section

The Music Section of Ebbell will meet on Monday afternoon, April 12, at the residence of Mrs. H. G. Hull, to review Haydn and his music. Mrs. W. M. Clayton will be the leader.

### University Glee Club

The boys of the U. S. C. Glee Club delighted an audience of nearly three hundred at the First Methodist church last evening with a characteristic program, ranging from the classic to the indescribable college nonsense verse.

A few changes were necessary in the program as printed in this column.

## Easter Cards

Now and quality designs for Easter gifts. Cards from 1c to 25c each. Easter booklets 25c to \$1.00. Easter Post Cards.

Easter Chicks 1c to 10c each. Society Picture Puzzles, the newest stunt, 25c to 75c each. Ask to see them.

## "Everything for the Auto"

## Tourist Cars

Are made right here at home—in Los Angeles, with a year's guarantee from the factory back of them. That's worth something. Then suppose there should arise the necessity of replacing some part—that's liable to happen to the best of cars—you don't have the delay and expense of sending to the east for it, but can get any part you want within a couple of hours at practically no expense.

HANKEY & CONGDON

# EASTER SALE OF MEN'S SUITS

## \$15.00

### Hand-Tailored Suits Selling Regularly at \$16.50, \$18.00, \$20.00

THEIR merit, however, does not exist only in their "distinctive" styling and finishing—You will see it in the splendid quality of the materials and in the clever hand-tailoring.

IT is a noteworthy thing (especially this season) to sell clothing like this, all wool, excellent in style and design, perfect fitting at \$18.00 to \$20.00. Our price for this Easter Sale

## \$15

THIS is the thing we are doing better than any other firm, and the underlying cause of our 44½ per cent increase in sales for March. We must do the Easter business of the town when we

Place These Values on Sale at \$15.00

EASTER FURNISHINGS

You'll find here the cleverest patterns in shirts for Easter wear. One lot which we bought especially for Easter trade arrived yesterday by express. Hats, neckwear, hosiery here.

# Vandermaast & Son

well accommodate, Miss M. A. Taylor last evening entertained invited guests in her usual hospitable and graceful manner.

Conversation, games, music, recitations and a dainty spread made the evening a joyful one.

### Alton Packard

Alton Packard, the star entertainer of the recent course given under the auspices of the Y. M. C. C., and closing last night, is a Wizard with a big, big W.

He charmed the large audience that greeted him last evening at Spurgeon's Hall, with his wit, his mimicry, his cartoons, his tunes, his recitations, his piano playing, his impersonations, his drollery—himself. In fact, he is a versatile, all-around entertainer, of magnetic personality and astounding ability. Whether serious or gay, he held attention every minute of the time he occupied the stage and gave genuine delight to everybody who heard and saw him.

What Packard did in his delineation of "Uncle Sam's Folks" was to sketch with skillful hand, on monster sheets of paper, various types of this cosmopolitan land of the free. The frontiersman of the great West, the Kentucky Colonel, the New England deacon, the slant eyed coolie, the transplanted Scandinavian of Minnesota, and others of the vast motley crowd that shelters under Uncle Sam's wing, appeared in almost living reality after he had magically manipulated a piece of charcoal and a rag blender. As he sketched, he talked; and as he talked, the people laughed. And so it went, the evening through. Whether he was the monologist, glorifying or laughing at the "eternal feminine," or the man at the piano, playing and singing nonsense songs of his own composition, or whether he was delineating world-old truths of the narrowing results of the "love of money," or the undying tenderness of parental love and the sweet charm of the sunset, whether in life or nature, he was still the Wizard of vibrant voice, sparkling wit and magic pencil, swaying people at his will to laughter or to tears.

### A Unique Entertainment

Mrs. Newton and Mrs. Eckert on Wednesday afternoon entertained the ladies of the Unitarian church in the parlors of that church, with a Mexican repast. It was an unusual af-

fair, the coffee berries having been secured by the hostess from Old Mexico, the extract put into cups, over which boiling water was poured, making a decoction fit for the gods. Tamales were made of fresh corn, newly pounded in a mortar, and then made up into the delectable eatables.

The affair terminated in an "experience social," each lady telling how she had earned a dollar to contribute to the church treasury, most of the tales being told in rhyme. The entire menu, served in Mexican style, consisted of tamales, frijoles, impanada a pastilla, sueno fresco, cafe. At each plate was a bouquet of orange blossoms and red roses, tied with red, green and white ribbon in emulation of the Mexican colors.

### Delightful Dinner Party

Mr. and Mrs. Rufus Sanborn had a delightful little fancy dress party on Wednesday evening, one of a number of similar affairs given this winter. Flowers were used profusely in decoration, with pink roses as the table decoration.

At the charming five course dinner were the host and hostess, Messrs. and Mesdames Roscoe Whitely, Chas. Kelley, J. Fred Parsons.

### A Quiet Wedding

At the wedding of Miss Neleta Burkett and Chas. G. Wolfe, which was solemnized on Wednesday evening, at the home of Mrs. R. C. Burkett, the bride's parents, none was present but relatives. The ceremony was conducted by Rev. John Cronenberg, pastor of the Christian church, and the attendants were the bride's sister, Miss Viva Burkett, and Frank McCarter, and the bride presented a pretty picture. The bride, who is a charmingly pretty girl, was gowned in dainty white. Ferns and roses, used profusely, united in lovely house decorations.

After the ceremony the young couple went away for a brief stay, but will be at home after May 1. Many friends wish them happiness and prosperity.

—Rowley Drug Company's advertisement is worth 10c to any lady who will cut it out and take it to the store. See page 5 of this paper.

—Sam Hill says the man who has a pane doesn't always have a pain. Try Sam Hill's pure food groceries.

## PERSONALS

## WOMAN'S CLUB WISHES TO SAVE HETCH-HETCHY

Votes Against Frisco's Plan of Getting Water Supply From National Park

At a regular meeting of the Woman's Club on Tuesday, April 6th, the subject of San Francisco's attempt to obtain for its own use, the beautiful Hetch-Hetchy Valley, which comprises one-half the Yosemite National Park in California, was fully discussed, and a motion carried unanimously condemning San Francisco's action in seeking to convert into an unsightly reservoir one of the most magnificent stretches of natural scenic beauty in America.

If the scheme as proposed, is carried through, (and it seems quite probable that it will be, since Secretary of the Interior Garfield long since granted the city's application to dam the Tuolumne river, whereby to submerge the Hetch-Hetchy Valley under more than a hundred feet of water) the people of the United States will lose one of the grandest of their "Natural Wonders" and will have turned over to the city of San Francisco \$40,000,000 worth of water and electric power rights. All this without any recompense whatever, save a deed to a piece of very ordinary mountain grazing land, commonly known as "Hog Ranch," which San Francisco agrees to deed to the nation in exchange for our glorious Hetch-Hetchy Valley!

The people in the East have risen in horror at this violation of one of our national parks, but the people of California, for the most part, are standing quietly by, while San Francisco is exerting every available means to make her claim to this valley safe and sure.

Her reasons for desiring this particular location for a reservoir are twofold; in the first place, the waters, as they trickle from the base of vast glaciers and mighty snow masses, are so pure that they require no filtration; secondly, any of the dozen or so other available sources of water supply would have to be secured from private owners, causing the expenditure of considerable sums in purchasing.

Our only hope in keeping inviolate for the nation this one of nature's wonder-spots, lies in the fact that congress may refuse to confirm the grant made by Secretary Garfield. If the bill now pending passes congress, not only shall we lose one-half the Yosemite National Park, but a precedent will have been established that may lead to the wholesale destruction of others of our National Parks and Reservations, thus rightfully belong to the people of the United States as a sacred and divine heritage.

In addition to the above subject, the club, led by Mrs. Mills, dwelt upon the question as to whether or no, "Should Married Women Work for Wages?"

It was the consensus of opinion that woman, whether married or single, should follow the line of work that nature and circumstances combine to fit her for; whether that line be homemaking, and the divine task of rearing little children, or taking upon her shoulders the duties of the commercial and professional fields.

The club then adjourned, to meet on April 20th, at 636 North Broadway, when the annual election of officers will be held.

# LONE RUN GAVE HIGH SCHOOL GAME

Head Scored in First Inning on a Hit off Newcomer's Bat

## EXCITING INCIDENT CLOSED THE CONTEST

McMullen Got Home Only to Find Game Ended Before He Arrived

Yesterday was a glad day for the Santa Ana High School. Her baseball team defeated Los Angeles High. The score was 1 to 0.

Santa Ana was in the throes of several tight places. More than once Los Angeles all but scored, and the game ended with an exciting incident. Santa Ana got its run in the first inning, and when Los Angeles came up for its last time at bat it was do, or end the game defeated. McMullen got a two-bagger and got to third on a misplay from pitcher to second in an attempt to catch the runner off his base. There were two men out and Wilson, the batter, had two strikes on him. Dubois pitched a ball. McMullen had started in and was between bases. Tedford threw the ball too high and McMullen came in. The run didn't count, for the last throw to Wilson was a strike and the game was ended.

Head scored for Santa Ana. Vanderlip and Walbridge were on bases. Head hit to third and Vanderlip was out. The ball went to second and Walbridge was out. Head was safe on first. He stole second and went to third on a passed ball. Newcomer's hit brought him in.

Los Angeles used Beach in the box in place of the regular pitcher, Gault, who had a sore arm. While Santa Ana pounded Beach around to a fast tune, still the hits, with the exception of Newcomer's, were not costly to him. On the other hand, Los Angeles failed most consistently in getting much worth while off Dubois. Dubois was credited with a number of good assts.

The defeat of Los Angeles puts Santa Ana in line for the championship games.

The score:

Santa Ana High School	AB	R	H	PO	A	E
Vanderlip, 2B	3	0	2	0	1	0
Walbridge, 3B	4	0	0	3	2	1
Head, SS	4	1	1	2	0	0

# VERY HAZY WAS EVIDENCE GIVEN

Chavez Would Have It That the Two Men Killed Fought a Duel

## BUT SILVAS' GUN HAS EMPTY SHELLS

Coroner's Inquest Brought Out Little That Can be Used in Prosecution

Three men are being held in the jail at Fullerton with the hope that further evidence may be secured in regard to the murder of Manuel Olivas and Sotero A. Miranda, at a Mexican camp in Placentia Wednesday night about 11 o'clock. The testimony brought out at the coroner's inquest was indefinite and contradictory. There was a drunken row, two men were killed, and those who took part in it or know of it are not at all anxious to give information. An instance of this spirit was shown by Refugio Fernandez, one of the men in jail. He admitted he was present during the evening. He was sound asleep when the shooting occurred.

"When did you first hear about the shooting?" asked the coroner.

"I haven't heard about it yet," he answered.

The three men in jail are Refugio Fernandez, Fernando Garcia and Maximo Chavez.

Chavez came nearest having a

story to tell, and it does not look good from the standpoint of circumstances.

He said that the camp had eight gallons of beer, which had been largely consumed. Olivas was drunk. He flourished a pistol, and said he had taken it from an Indian and there wasn't anybody could take it from him. Immediately the two men began shooting, facing each other. Chavez got out of the tent.

Olivas was shot twice, both times from the left and above and a little behind him. One bullet entered the arm at the shoulder and ranged down toward the liver. The other entered at the shoulder blade and passed through the abdomen, coming out near the pelvic bone.

Miranda was shot twice. One bullet entered the right breast from the front and the other the left temple from the side.

All four bullets that took effect were 32-caliber.

Two revolvers were found by Officers Rudbeck and Henderson of Fullerton. One was a loaded 44, picked up behind the tent. The other was a 32, taken from Garcia, who said he had taken it from Silvas, the man whose knee was injured in the fracas. This weapon had five discharged cartridges in it.

Silvas' wife declared it was not Silvas' revolver. She said she took his revolver from him. Silvas said he could remember little that happened. Following the shooting he went to a cactus patch and remained till morning. He said he did not know how his leg was hurt.

On Coroner Smith's jury were C. A. Campbell, S. E. Swan, E. E. Kearns, L. W. Annin, J. P. Garlick and B. C. Baxter. The jury found that death came from "gunshot wounds inflicted by parties unknown to the jury."

Manuel Olivas, one of the dead men, was a native of California, aged 41. He had a wife and children in Pasadena, where he will be buried. Olivas had one leg off below the knee. He formerly ran a "blind pig" at Los Alamitos.

Miranda was a native of Mexico, aged 25. He leaves a wife and children at Placentia, where the shooting occurred. A few months ago one of his children was drowned in a ditch.

The tragedies took place at a Mexican camp in a wash near the Crowther place. There are a number of tents and shacks there in charge of a man named Pacheco.

## POMONA GETS MOVE ON IN WAY OF BUILDING

POMONA, April 9.—Never before in the history of the city has there been such building activity here, as since the first part of the year. Permits in January amounted to \$24,000, in February to \$53,000, in March to \$48,000 and thus far this month they amount to \$71,000 with prospects of \$40,000 more by the end of the month, making \$225,000 worth of new buildings erected here in the first four months of the present year.

# BERRYDALE IN HOT POLITICIS

Constable, School Trustee and Supervisor All at Once—Oh, My, Such a Time

(By D. W. McDannald)

BERRYDALE, April 8.—No sooner do we survive the infliction of one political outbreak than another comes rambling around. First the constable's office was thrust upon us like the melody of a Kansas zephyr, then we

## "The Blood is The Life."

Science has never gone beyond the simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Pierce's Golden Medical Discovery** can be made pure by the use of **Pierce's Golden Medical Discovery**. It cures and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

# Georgia's State Chemist Praises Cottolene

J. H. McCandless, State Chemist of Georgia, before a recent gathering of Cotton Seed men, gave emphatic praise to the high quality of *Cottolene*. He said:

"The sale of this product and the proclamation that it is made of cotton seed oil have done more to bring cotton seed oil truthfully and favorably before the public than anything else in recent history."

Mr. McCandless then pointed out how a pure, refined, vegetable-oil basis, such as is in *Cottolene*, is the only assurance a woman has of a clean, digestible, cooking product. It seems a positive wonder in the light of all that has lately been said and written, and of what is known of lard, where it comes from, of what it may be made, and how little chance there is to get pure lard, that anyone will continue its use, when pure, sweet and healthful *Cottolene* can be so easily obtained.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

**Never Sold in Bulk** *Cottolene* is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

**Cook Book Free** For a 2c stamp, to pay postage, we will mail you our new "PURE FOOD COOK BOOK" edited and compiled by Mrs. Mary J. Lincoln, the famous Food Expert, and containing nearly 300 valuable recipes.

Made only by THE N. K. FAIRBANK COMPANY, Chicago

# BEAUMONT AGAIN EXPANDS IN SCOPE

Two Magnificent New Sub-divisions Placed on the Market in Five-Acre Tracts. Apple Valley and the Famous Mellen Fruit Ranch Go on Sale at Ground Floor Prices. At the Same Time Land Company Opens Permanent New Offices and Lecture Hall at 616 South Broadway, Los Angeles

To meet the requirements of space and provide facilities for the handling of extensive and recently acquired tracts of Beaumont land, the Beaumont Land & Water Company on Monday moved into and began transacting business in its new ground floor offices, 616 South Broadway. Several thousand dollars have been spent to install fixtures and decorate the room, unique features of which include hand-built desks for the corps of ten agents, a mezzanine balcony covering 800 square feet and a complete lecture hall, wherein three daily stereoscopic lectures on Beaumont will be delivered by Mr. John D. Reavis at 10:30, 2:30 and 8 p. m. The offices and lecture hall will occupy 20x102 feet, making the establishment one of the most complete and commodious in the city.

Concurrent with the new move, the company announces the purchase of two large tracts of land, Apple Valley, comprising 320 acres adjoining the Highland Home Ranch, and also the famous Thomas Mellen ranch of 458 acres. The acquisition of Apple Valley is a distinct business triumph for wealthy owners had held it for years, the land being of the highest quality. The grantors of the Mellen deal were Thomas and Helen Mellen, who have occupied the property continuously for 24 years. Fruits from Mellen's orchard took first prize at the Chicago World's Fair and the orchard is especially famous for apples, pears and prunes of which there are about 1000 full bearing trees 6 to 20 years old.

Valuable water rights, including extensive riparian lands in Wallace Canyon, also passed to the company in the Mellen deal, thereby augmenting the supply of water for irrigating the newly acquired lands in Apple Valley. The subdivision of Apple Valley into 5 acre tracts is already complete and this with the Mellen ranch, which will also be offered in small sized plots, were placed on the market Monday morning. Water in steel pipes for domestic and irrigation purposes will be conveyed to each holding and streets will be opened and graded.

The value of the new tracts at opening prices is over \$115,000, and this when figured in connection with the sales to date of \$440,000, will make the Beaumont proposition mount in volume to approximately \$550,000. Figured on the basis of sales of \$48,000 in February and March, the management expects to pass the half million mark in less than five months, so in order to meet future demand, plans are already under way for other large subdivisions.

The new tracts are level land lying in the foothills of the San Bernardino range, from 1 1/4 to 3 miles north of

Beaumont townsite. Soil is said by experts to be especially adapted for apples, peaches, pears and cherries. The latter fruit thrives on adjoining ranches to the highest degree, the acre output reaching in some cases \$400. Pear trees on Mellen's orchard, 5 years old are reported to have shown an equal return, while from an apple orchard nearby over \$700 was realized.

The elevation of the new properties ranges from 2550 to 3100 feet above sea level, which is ideal not only for deciduous fruit culture, but health as well. Mellen's location, which has been known for years as a refuge for asthmatics and sufferers from bronchial troubles, is but 16 miles from Redlands, thereby placing the products within easy reach of the markets.

The original Mellen orchard and about 37 acres of unplanted land adjoining on the west, making about 48 acres all told, goes on the market at the extremely low price of \$8500. This includes the ranch home, barn, corral, fruit storage and apparatus for drying the fruits. This is a rare and exceptional chance to buy at the right prices one of the most famous producing fruit farms in Southern California. Liberal terms of purchase will be made and as the crop is just coming on, now is the time to buy.

Directly adjoining the planted Mellen orchard on the south, we have surveyed a fine tract of irrigated bench land into moderate sized ranches. This is right on the banks of Edgar Creek, soil identical with Mellen's and still we are opening this acreage at the very low figures of \$150 an acre with water. As there is only a limited area, quick action will be required to get it.

Apple Valley, with 320 acres of the finest land obtainable, to pick from, will be opened at \$100 to \$200 an acre with water, thus giving one of the greatest ground floor opportunities since Beaumont was launched. Selections at these prices must be made before May 15th when prices will be advanced \$250 and \$5 an acre or still higher.

We urge you to call and inspect or write for the maps of the new tracts and make early and advantageous selections. Intelligent ideas of the new lands can best be had through attending the lectures, at which complete descriptions will be furnished.

Also please accept this as a cordial invitation to inspect our new establishment.

Yours very truly,  
BEAUMONT LAND & WATER CO.

New location of offices and lecture hall, 616 South Broadway.

Cut out and mail today sure.

BEAUMONT LAND & WATER COMPANY, OWNERS.

Office and lecture hall, 616 South Broadway, Los Angeles, Cal.

I want to know more about Beaumont and its irrigated apple lands. Send me maps, literature and information. If satisfactory may want to go to Beaumont on one of your Sunday or Thursday excursions. Give me railroad rates from this point.

**LOS ANGELES PRODUCE MARKET**  
Inspectors of the health department yesterday morning condemned 150 crates of asparagus which had been standing for a day and was showing some wilt. This bears out the complaint of the dealers that grocers are "holding up" the retail trade for asparagus and they cannot, on that account, move all the stock that is arriving. Asparagus sold as low as 2 cents a pound, less than it costs to pack the stock, without figuring in the cost of shipping and planting.

A large shipment of Mexican tomatoes, which came in by express, arrived Wednesday evening. The consignee refused the stock on account of the high charges, and the Wells-Fargo & Co. agent therefore sold it at public auction yesterday morning. The tomatoes brought only a little more than 50 cents a crate. The bidding price on good Mexican stock still holds from 1.00 to 1.25 a crate.

The heavy demand for eggs for the Easter trade was given as the cause for a rise in candied stock to 25 cents a dozen. It is expected this figure will prevail until after Sunday, when prices are sure to decline again. Receipts were the heaviest in a long time, 965 cases. There were heavy arrivals of northern stock as well, which, without the Easter trade, would certainly have precipitated a drop.

The demand for butter was excellent and a number of good-sized sales of creamery extras were reported. Arrivals were large, 36,540 pounds. Dairies were very firm at the higher price, 19 cents, which went in to general effect. Arrivals were 2077 pounds, including all varieties.

The report of higher potato prices in Chicago and other middle western points, made the local market pick up again. The demand was a trifle more brisk and prices were steady. Two cars were reported in. Onions were in good call, but light receipt. Beans were well called for in Lady Washington and Limas. Receipts were almost a car.

The call for poultry was heavy for delivery by Saturday. Jobbers are finding it difficult to obtain sufficient poultry to supply the call. Some Kansas stock is being shipped in, but not to amount to anything. Two-pound broilers will be purchased by local dealers at 30 cents a pound, while fryers are worth 25 cents.

for want of buyers. Grapefruit is the only citrus that is moving with anything like regularity.

**Prices Current**  
EGGS—Fresh California ranch, candied selected, 25; fresh ranch local case counts, 20@21; northern candied, 23; northern case counts, 21; eastern candied, 23.

BUTTER—Creamery extras, 47½; creamery firsts, 45; dairy butter, 24; cooking, 22½; eastern extras 47½ per 2-lb. square.

BERRIES—Strawberries, fancy, 6@7; choice, 4@5; guavas, 5@6; cranberries, \$15 per barrel; raspberries, 20.

CHILE—Evaporated chile, 12; sundried chile, 10; ground chile, 9; Mexican black, 9.

CITRUS FRUITS—Fancy packed northern navels, 2@2.25; local navels, 1.65@2.15; seconds, 1.25@1.50; thirds 1; lemons, fancy, 1.75@2.00; choice, 1.25@1.75; unpacked stock, 1@1.35; grapefruit, seedless, 2.75@3.00; grapefruit, seedling, 1.50@2; Tangerines, 1.00@1.50 box; Blood oranges, 1@1.50 per half box.

# HARBOR EXPERT SEES NEWPORT

County's Bay People Today Are  
Entertaining Special Direc-  
tor James A. Fox

Men at Newport Beach today are entertaining a man whom they have long wanted to get on the waters of Newport Bay. They have wanted him to behold the possibilities there for a great harbor. His name is James A. Fox and he is the special director of the Rivers and Harbors Congress.

For some time Mr. Fox has been in Los Angeles and San Pedro. Clyde Bishop, president of the Newport Harbor Association, made a trip to see Mr. Fox and got him to go to Newport Beach.

—25c bottle of Cold Cream for 15c at Rowley's drug store if you will cut his advertisement out of this paper and take it with you to the store. See advertisement on page 5.

—I. W. Van Cleave now has a shoe shining parlor for ladies.

## IS THE DOG POISONER DOING DIRTY WORK?

"Nigger" Kelley is dead and two other dogs in the same neighborhood within a few days. "Nigger" was Charley Kelley's cocker spaniel. One of the other dogs was "Rags," whose owner lives on Main street, but is unknown to the reporter's informant. "Rags" died first—just a day or two ago—then the "other dog," and now "Nigger" who passed away last night with decided symptoms of poisoning. Dogs often make themselves nuisances to those who do not own and love them, but—well a man who will poison his neighbor's dog is too mean to live.

## BAY CITY PATRONS GET MONEY ORDERS

BAY CITY, April 8.—A money order department has been added to the local postoffice.

At the school board election C. F. Reeder was elected for three years; J. W. Edwards for two years, and C. L. Neuschwanger for one year.

Dr. and Mrs. Charles have leased the Cook bungalow on Seventh street for four months, from May 1.

Registered at Hotel Bay View are Dr. Henry Menken of New York, and Mrs. M. A. Miles of San Luis Obispo.

—Rowley Drug Company's advertisement is worth 10c to any lady who will cut it out and take it to the store. See page 5 of this paper.

—Gem Restaurant, short orders and dinners. 310 Bush street.

—Moline plows. Wm. F. Lutz Co.

# FIRE COMPANY IS ORGANIZED

New Beach City Takes Steps to  
Secure Better Protection  
From Flames

Huntington Beach, April 8.—A volunteer fire company was organized here Wednesday. Jaymes Philp was elected chief of the organization, with Rufus Wilson as assistant. The trustees will buy good fire equipment, and the city's water system will be brought up to the standard required by the Board of Fire Underwriters of the Pacific.

This city took five prizes on exhibits of plants and flowers grown here in the Pasadena Flower Show.

## FORECLOSURE ACTION ON \$50 NOTE BEGUN

A foreclosure action was begun in the superior court today against Barbara J. Darnell by George C. Franklin. A lot at Huntington Beach is the property concerned. The note is for \$50 and was given April 20, 1908. Watkins & Budget appear for the plaintiff.

**Card of Thanks**

To our kind friends and neighbors we wish to render our heartfelt thanks for their kindness and assistance during the sickness and after the death of our husband and father. And especially do we thank Sedgwick Post, G. A. R., Ladies of the G. A. R., and the W. R. C. for their kindness and beautiful service at the chapel and grave, and to the Christian church, Fraternal Brotherhood, and many friends for their beautiful floral offerings.

MRS. NOAH PERRY,  
HARVEY V. PERRY,

—Harness repairing. Wm. F. Lutz Co.

## DR. ROBERTSON OPENS OFFICE IN SANTA ANA

Dr. H. M. Robertson, who recently became a citizen and taxpayer of Santa Ana, having bought the C. A. Young residence on North Main street, has opened an office above the Dragon. Dr. Robertson is a California practitioner of experience, and came here from a twelve years residence at Arlington, near Riverside. For four years he was in charge of the Riverside county hospital.

—Snappy snaps; our line of plush robes. Wm. F. Lutz Co.

## A Chance of a Lifetime

—The Western Engineering Co. fiscal agents for The American Differential Railway Axle Co. are showing and demonstrating the axle couple at 117 East Fourth street. Oil car No. 96307 on the Santa Fe R. R. is equipped with this device and has proved a success in every way, and is now in service between Olinda oil fields and Victorville. Taking other successful railway devices as a precedent this will bring large returns in less time than others, as it is the only device ever adopted by the railroads which increased their earning capacity from the start, or reduced the wear and tear on roadbed and rolling stock. It is not the purpose of the company in Santa Ana to gather in the sucker money, but to offer to the thinking man a profitable investment. The directors of the company are Los Angeles men whose records are clean and are backed by bank references.

—Carry a fire extinguisher on your car. Price \$2. Wm. F. Lutz Co.

## TRIED TO END HIS LIFE IN FERRYBOAT FURNACE

OAKLAND, April 8.—After attempting to end his life by plunging into the furnace of the ferryboat Berkeley yesterday afternoon, Alexander Bernard today is strapped on a cot in a local hospital, watched by attendants who fear he will attempt suicide.

Bernard leaped from the ferry apron into the bay as the Berkeley drew out from the slip, but was soon rescued by the deckhands. Taken to the engine room for the purpose of drying his clothing he sprang toward the firebox but stumbled and fell. It took the engine crew to overcome him. Bernard is a veteran of the Spanish war.

Notice of Special Meeting of Stockholders of Southern California Sugar Company.

—By order of the Board of Directors of Southern California Sugar Company there has been called a special meeting of the stockholders of Southern California Sugar Company to be held on the 25th day of May, A. D. 1909, at the office of the corporation, Rooms 10 and 11 Hervey-Finley block, corner Fourth and Bush streets, in the City of Santa Ana, Orange county, California, at 2 o'clock in the afternoon of said day, for the purpose of increasing the capital stock of the Southern California Sugar Company from its present capitalization of Six Hundred Thousand (\$600,000) Dollars to One Million (\$1,000,000) Dollars.

Dated March 18, 1909.

JAMES McFADDEN, Vice-Pres.  
H. S. HADSALL, Secretary.

Paso Robles Hot Springs

## HORTON-SPURGEON FURNITURE CO.

205 EAST FOURTH ST.

## The Sanitary Metal Kitchen Cabinet

Beyond a doubt the most perfect, most convenient and most sanitary kitchen cabinet on the market and is also the cheapest.

This is a work saving kitchen convenience which combines pantry and cupboard. It provides a place for all groceries needed in cooking, also all the small utensils used about the cook table.

Contains bins which hold 65 lbs. of flour, 35 lbs. of meal, 20 lbs. of rice, 50 lbs. of sugar, 6 lbs. of coffee with an extra bin or two for other articles. All the bins are filled from the top and the contents removed from below by pulling out a simple little slide. The coffee feeds into a mill, so when you want coffee you have only to grind out just the amount you need. The flour flows into a scoop and sieve and not a particle is wasted. The spice department has cans with perforated tops, properly labeled for all kinds of spices. The tea can holds a pound of tea. There is a tight box for cake, bread or pies, also a place for any kind of cold victuals.

There is a bread board, pair of scales and other small implements.

The cabinet is made entirely of metal beautifully enameled on the outside and laquered on the inside. On the front is a large plate glass mirror and on the top is a kitchen clock.

This description is necessarily brief and gives but a vague idea of the many great advantages this cabinet possesses. We invite you to call and see it and get our prices and terms.

### VALUABLE DISCOVERY OF MEDICINAL WATER

Well at Orange May Prove a  
Bonanza to Owner and a  
Boon to Sufferers

Mr. Irwin Rusk of Orange thinks he has made a most valuable discovery in the way of mineral water—not only as a commercial proposition, but as a boon to suffering humanity. He calls it Batavia water. He noticed that there was no lime deposit in the water. Another fact was that he had suffered severely from kidney trouble before locating at Orange, but was entirely free from this ailment since using the water.

A government official who was making an inspection of the waters of the Santa Ana valley pronounced this water the softest he had found. These facts led to an investigation. A chemical analysis of the water was made, which showed that it possesses decided medicinal value in cases of kidney and bladder troubles, rheumatism, gout and digestive disorders.

A number of people have used Batavia Water with most beneficial results, after they had tried many other remedies which had failed to give relief, thus showing beyond a doubt that Batavia Water has marvelous curative value. It is a mild laxative, has no objectionable odor, is very pleasant to the taste, and the price at which it is sold places it within the reach of the poorest sufferer.

—Rowley Drug Company's advertisement is worth 10c to any lady who will cut it out and take it to the store. See page 5 of this paper.
